

National Initiatives for Open Science in Europe

NI4OS-Europe Training Platform and Relationship to EOSC

Sonja Filiposka, UKIM

Training and EOSC

- EOSC for
 - Researchers
 - Service providers
 - Supporting staff
- Help them acquire skills to
 - Achieve the new normal => Ideal EOSC

"Learning experiences are like journeys. The journey starts where the learning is now, and ends when the learner is successful. The end of the journey isn't knowing more, it's doing more."

- JULIE DIRKSEN

The NI4OS-Europe Training Platform

- <https://training.ni4os.eu/>
- Open Access
 - w or w/o tracking competences
- Smart and Intuitive Navigation
 - Full text search
 - Descriptive meta data
- Engaging Training Material
 - Native language
 - Various formats
- Learning Paths

Learning Paths

Open Science Fundamentals

Learning path for Open Science Fundamentals that will take you on a training journey across the main topics related to Open Science. Complete the material and pass the final quiz to get the Open Science badge.

Open Science Policies - ORDM, FAIR, and tools

This learning path intends to introduce a potential user of open science initiatives or a service provider to the open science policies, mainly a description of FAIR data, ORDM, and how one can use related tools.

Open Science Fundamentals

Learning path for Open Science Fundamentals that will take you on a training journey across the main topics related to Open Science. Complete the material and pass the final quiz to get the Open Science badge.

Open Science Policies - ORDM, FAIR, and tools

This learning path intends to introduce a potential user of open science initiatives or a service provider to the open science policies, mainly a description of FAIR data, ORDM, and how one can use related tools.

NI4OS Core Services

Learning path for the pre-production core services that will take you on a training journey across the main components of the NI4OS-Europe pre-production environment. Complete the material and pass the final quiz to get the NI4OS Core...

EOSC/FAIR promotion

This learning path is the starting point for anyone who is interested to understand what EOSC is and how it can help researchers achieve their goals. It also provides all the necessary material for a better knowledge of FAIR principles.

ITSM & Service On-boarding

Learning path that takes you through all the necessary information and topics related to IT Service Management and the process of service on-boarding so that you are able to understand how to successfully prepare for the on-boarding...

Collaboration with EOSC Future

- Decentralised EOSC Knowledge Hub
 - EOSC Training Catalogue
 - Minimal metadata for learning resources
 - Aggregation mechanism for automatic harvesting
 - EOSC Learning Platform
 - Creation and access to learning materials

Competences, Skills, Certification

Build capabilities with
university or professional
training

Obtain competences
that fit defined OS skill
profiles

Formal recognition via
accredited certification
